

Graduate Follow Up Survey

We are in the process of our first Oneida Higher Education Graduate Follow Up Survey. If you graduated from college with the assistance of the Oneida Higher Education Grant, being a recipient of the grant from 1996 to 2008, you will soon be receiving our questionnaire. We are very excited and hope you take the time to complete it. Oneida is proud to share our resources with our people, and now are looking for your help to get a nationwide picture of our graduates. .

Why are we surveying our graduates? The simple answer, we want to know what is going on with our graduates. We are hoping this completely anonymous, non-threatening survey environment will give us a general outlook of what our grant is hoping to achieve; giving each individual tribal member an opportunity to improve and sustain their quality of life. We will also be creating a benchmark to compare our membership with individual colleges and careers. This is your opportunity to be part of a collective voice that will be extremely beneficial to both our current and future generations.

We will be sharing the results with the Nation, but the results will not be and can not be published in any personally identifiable manner. A final report will be compiled and shared in late June or July.

In closing, we believe all our members should be proud of their commitment and successful completion of their higher education goals. We want to thank you for not only taking advantage of the grant, but sticking with struggles and joy that comes with higher education. A belated Congratulations!!!
